CHARACTERISTICS

ACTIVARMR®

- Specifications : Seamless knitted polyester glove
 - Glove material : Hollow-core fibers, natural latex in the elastic.
 - Length : (7) 224 mm, (9) 254 mm
 - Possible harmful ingredients : Natural rubber proteins
- Only a very small number of users may be sensitised to any of these ingredients and hence may develop irritant and/or allergic reactions.
- Thermal protective glove, lightweight and extensible, for all cold applications.
 - Quick sweat draining thanks to fibers to keep body heat.
 - Special hollow-core fibers. Provides the best thermal insulation barrier between the skin and surrounding environment.
 - Automatic knit technology construction : Allows a longer and more comfortable wear.
 - No seams to rub or chafe. Seamless design to avoid any discomfort or skin irritation.
 - Washable at maximum 40°C with usual detergents : More hygienic.
 - Fits either hand. No need for a pair, therefore more economical.
 - Can be used as primary glove or under glove.
 - Made exclusively from constituents authorised for food environment : guaranteed safety in a food environment.

APPLICATIONS :

Food processing.

STANDARDS :

Complies with EU regulation 2016/425 relating to personal protective equipment (Category III)

Complies with European standards:

- General requirements: EN ISO 21420:2020
- Mechanical risks: EN 388:2016 + A1:2018 214XA
