ARTICLE

Designation : **AlphaTec® 39122 glove**

Code bobet :

20608 : S.8

20609 : S.9

20610 : S.10

Selling Unit : **pair**

Non-contractual pictures

CHARACTERISTICS

AlphaTec®

- Liner material : interlock cotton
- Nitrile coating
- Cuff : crispin
- Grip surface : rough
- Length : 310 mm
- Colour : green

- Excellent dexterity and high levels of wet and dry grips contribute to the safety of the user and so to the global productivity
- The ALPHATEC® glove is the solution to choose for those who are looking for a tough protection against chemical hazards

- Sensitizers : Zinc 2-mercaptobenzothiazole.

(Only a very small number of users may be sensitized to any of these ingredients and hence may develop irritant and/or allergic reactions.)

APPLICATIONS :

Maintenance, handling of subassemblies, tank filling, degreasing, metallurgy, processing and preparation of chemicals, agrochemicals

STANDARDS :

Compliant with regulation 2016/425: PPE intended for protection against category III risks

Complies with European standards:
