Code bobet :

6338 : Diam. 65 mm | 6311 : Diam. 120 mm

5871 : Diam. 80 mm | 6397 : Diam. 160 mm

6310 : Diam. 100 mm | 6330 : Diam. 200 mm

Selling Unit : **Unit**

Non-contractual pictures

CHARACTERISTICS

One-piece ladle, stainless steel - Heavy quality.

- Single-piece ladles are manufactured in one piece, a guarantee of robustness.
- The handle is wide and very rigid ; its ergonomic shape lets you insert your thumb.
- This stops the utensils from slipping round even in greasy or sticky hands.
- This good handhold avoids a lot of fatigue
- The slope of the handle suits all vessels, even deep ones.
- Perfectly spherical ladle on the entire height of the cap.
- Essential to pour without overflowing.
- Neat workmanship and deburring.
- Suitable for dishwasher.

STANDARDS :

In compliance with decree 13/01/1976 relating to stainless steel material

Length (mm)	Thickness (mm)	Diameter (mm)	Capacity (litres)	Weight (Kg)	Code Bobet
325	1.2	60	0.05	0.10	6338
