ARTICLE

Designation : **Sharpening steel DICK polish**

Code bobet : **2004 : 30 cm**

Selling Unit : **Unit**

CHARACTERISTICS

- Oval - 30 cm = 12"
- For setting up and honing a sharp, bent over edge
- Polished

The production technologies of DICK sharpening steels guarantee a longlasting and wear resistant use. The special handles ensure a safe grip.

- Balanced taper towards the tip of the steel
- Regular serrations
- Wear-resistant surface with breakproof, tough core
- Efficient surface protection through hard chrome-plating
- Safety through high-quality fittings
- Ergonomically formed and optically representative handles

STANDARDS :

The materials used to manufacture the handles of Dick knives and sharpening steels are listed in the Directives 90/128/EEC, 92/39/EEC, 93/9/EEC or the German Consumer Goods Act of April 10, 1992 respectively.

The steels are intended to come into contact with foodstuff.
