ARTICLE

Designation : **Stainless steel skimmer**

Code bobet :

6385 : Diam. 80 mm | 6535 : Diam. 140 mm

6384 : Diam. 100 mm | 6517 : Diam. 160 mm

6611 : Diam. 120 mm | 2171 : Diam. 200 mm

Selling Unit : **Unit**

CHARACTERISTICS

Heavy quality, one-piece skimmer in stainless steel

- Single-piece skimmers are manufactured in one piece, a guarantee of robustness.
- The handle is wide, very rigid, and ergonomically shaped.
- The skimmer lets you recover food that has risen to the surface of the cooking liquid and strain it.

STANDARDS :

In compliance with the decree of January 13th 1976

APPLICATION / MAINTENANCE :

- Stainless steel is easy to clean and keep clean. Drying quickly will prevent water stains from forming.
- Dishwasher safe
