CHARACTERISTICS

ELECTRICAL SLICER

- Material : Melting / Stainless steel / Aluminum / HMPE
- Colour : cream
- Dimensions : 536 x 377 x 221 mm
- Weight : 11.06 kg
- Electrical outlet : 230V - 50 Hz
- For semi-hard and hard cheeses weighing up to 16 kg
- Not dishwasher safe

DESCRIPTION :

- Unique wedge-shaped cutting technique: also allows round cheeses to be sliced with less cutting loss. So suitable for raclette cheese, gouda, cheddar ...
- The notching movement achieved keeps the structure of the cheese intact and retains all of its flavor
- Premium heating element and on / off button with heat adjustment: easier to cut slices as cheese sticks less to the blade and old cheese breaks less easily during cutting
- Cut thickness adjustable from 1 to 15 mm
- Regular cut
- Strong, durable and premium blade
- Easy to clean

* STANDARDS :

In compliance with the following European regulations :

- 2006/42/CE : Machine directive
- 2014/35/CE : Low voltage directive
- 2014/30/CE : Electromagnetic compatibility
- 1935/2004/CE : Materials and items in contact with foodstuffs

In compliance with the following standards :

- EN 12100-1-2:2010
- EN 1678+A1:2010
- EN 1672-2:2005+A1:2009
- EN 55022 class B:2011
- EN 61000-1-2:2016
